Dear Commissioner Henney,

I would like to make my opinions known regarding:

GENETICALLY ENGINEERED FOODS -- I very much want to see pre-market safety testing, environmental review and mandatory labeling of all these foods and any products made from these foods. As a consumer, I have a right to know what I am buying.

ORGANIC FOOD -- I definately do not want organic food to be genetically engineered, irradiated, or to have sewage sludge added to it in any way, shape, or form.

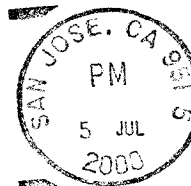

Thank you in advance for your attention to these matters.

Sincerely,

Diane Blackley
